- ⊗ How to maintain Engines

The four-leaf clover is the official 4-H emblem. The four H's stand for head, heart, hands, and health which are included in our pledge.

I PLEDGE

My Head to clearer thinking
 My Heart to greater loyalty
 My Hands to larger service
 My Health to better living
 For My Club,
 My Community,
 My Country
 and My World.

4-H is a community of young people across America who are learning and practicing leadership, citizenship and life skills.

EDC Express

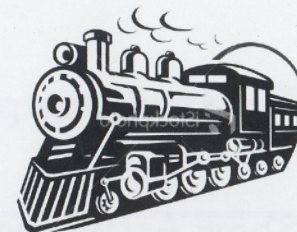

4-H

Model Train Project

is for you!

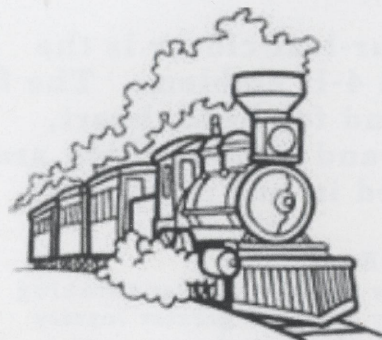

EDC Express **4-H Model Train Project**

What kind of things does the 4-H Model Trains group do?

- ⊗ **Hands-on learning how to create a layout**
- ⊗ **Teach concepts such as soldering, wood working, and wiring**
- ⊗ **Model train maintenance**
- ⊗ **Learn railroad history**
- ⊗ **Interaction with other 4-H Members**
- ⊗ **Sharing with other youth**

The Model Train education project of Snohomish County 4-H is a part of the Mechanical Sciences Program. This project is open to any youth 6 years old through age 18. The aim of this project, with the aid of members of the community, is to teach model railroading concepts such as creating rock castings and landforms, building layout frames, programming and using DCC, and making trees and buildings for the layouts. 4-H uses a variety of projects as a catalyst to engage young people and help them build on many life skills. In this club, like-minded kids and adults are able to develop friendships and feed on the experience of others to further their interests in model trains,

railroad history, and a variety of related topics. Children of all ages that are enrolled in the project are able to interact in a safe and secure setting that is overseen by encourages new members and volunteers from the community to participate in this fun and educational project.
